Speakers

The Electrical, Power, Solar Conference is a premier industry gathering that aims to bring together professionals, experts, and innovators from the electrical, power, and solar sectors. The conference will feature a series of engaging keynote speeches, informative panel discussions, and networking sessions, all centered around the latest trends, innovations, and challenges within the industry.

**"Following the resounding success of the EPS Business Meet in Pune, we are delighted to announce the 4th Edition of Industrial Outlook™, EPS Business Meet, scheduled to take place at the prestigious Le Meridien in New Delhi on January 24th, 2024."**

Attending a Conference on **Sustainable Power Solutions for a Greener Tomorrow** can be beneficial for a wide range of professionals, researchers, experts, and enthusiasts who are interested in staying updated with the latest developments, trends, and advancements in the electrical engineering, power generation, and solar energy sectors. Here's a list of individuals who might find attending such a conference valuable:

### Delegate Registration

	Early Bird Offer Per Delegate Fee ₹	Standard Offer Per Delegate Fee ₹
	Till 05th Jan,2024	Jan 06th to 24th-2024
1-2 Delegates	2000	2500
3-5 Delegates	1800	2300
Group Delegations	1600	2100

# Join us to Transform Your **Business** Future.

## Who Should Attend

- Electrical Engineers
- EPC Contractors
- EPC Developers
- Trade Associations
- Project Developers
- Power Generation, Transmission & Distribution Professionals
- Solar Energy Specialists
- Energy Managers
- Renewable Energy Experts
- Researchers and Academics
- Government Officials
- Non-Governmental Organizations
- Energy and Power Industry Associations
- Manufacturers and Suppliers
- Consultants, Technical Experts
- Technology Developers and Innovators
- Environmentalists and Advocates
- Venture Capitalists financial institutions
- Startups and Entrepreneurs
- Utility providers
- Panel Builders
- Students

## Why Should Attend

- Knowledge Enrichment
- Networking Opportunities
- Interdisciplinary Learning
- Industry Trends
- Expert Presentations
- Professional Development
- New Technologies
- Marketplace Insights
- Collaboration Opportunities
- Inspiration and Motivation
- Recognition and Visibility
- Personal Growth
- Career Opportunities

## Sponsorship Options

Presenting Partner INR. 500,000/-  
(USD 5999)

Platinum Partner INR. 300,000/-  
(USD 3599)

Gold Partner INR. 180,000/-  
(USD 2160)

Silver Partner INR. 150,000/-  
(USD 1800)

Session/Panel Sponsor INR. 120,000/-  
(USD 1440)

On-Site Branding Partner INR.  
120,000/- (USD 1440)

Lanyard Partner INR. 120,000/-  
(USD 1440)

Table Partner INR. 90,000/-  
(USD 1080)

Lunch Sponsored Partner INR.  
250,000/- (USD 2999)

Finance Partner INR. 150,000/-  
(USD 1798)

**EPS Business Meet, Delhi 2024**  
24th Jan 2024 | **Le Meridien**, New Delhi  
(Agenda Draft)

## Sustainable Power Solutions for a Greener Tomorrow

0930 hrs to 1000 hrs	Registration & AM Tea/Snacks Networking
1000 hrs to 1010 hrs	Welcome address to Key Guest & Audience
1010 hrs to 1015 hrs	Lamp Lighting with Ganesh Vandana
1015 hrs to 1030 hrs	Business Networking
1030 hrs to 1100 hrs	Chief Guest Opening Remark & Inaugural Speakers Session
1100 hrs to 1200 hrs(60 mins)	<p>Panel Session 01 <b>The State of Renewable Energy</b> <b>Focused Area-</b></p> <ul style="list-style-type: none"><li>• Current Market Trends and Growth of Solar</li><li>• Technological Advancements</li><li>• Policy and Regulatory Landscape</li><li>• Green Hydrogen Integration with Renewable Energy Sources</li><li>• Challenges in Financing Renewable Projects</li><li>• Grid Integration and Storage Solutions</li><li>• Environmental Benefits and Climate Impact</li><li>• Technological Advancements in Solar Inverters</li><li>• Energy Transition and Future Outlook</li></ul>
1200 hrs to 1220 hrs(20 mins)	Sponsors Presentation
1220 hrs to 1320 hrs(60 mins)	<p>Panel Session 02 <b>Business Collaboration, Net Zero and Sustainability</b> <b>Focused Area-</b></p> <ul style="list-style-type: none"><li>• Current Status of Renewable Energy Adoption</li><li>• EV Adoption and infrastructure challenges</li><li>• Opportunities in Developing Countries</li><li>• Net Zero Roadmap Financial and Technological Challenges</li><li>• Key Recommendations Of COP28 and It's Implementation Challenges</li><li>• Capacity Building and Technology Transfer</li><li>• Integration with Existing Energy Systems</li><li>• International Cooperation and Collaboration</li><li>• Evolution of ESG, Carbon Markets</li></ul>
1320 hrs to 1330 hrs(10 mins)	Sponsors Presentation
1330 hrs to 1420 hrs(50 mins)	Lunch Networking Time
1420 hrs to 1520 hrs(60 mins)	<p>Panel Session 03 <b>Grid Edge Innovation: Decentralization and Smart Infrastructure</b> <b>Focused Area-</b></p> <ul style="list-style-type: none"><li>• Smart Grid Technologies</li><li>• Distributed Energy Resources (DERs)</li><li>• Microgrids</li><li>• Advanced Metering Infrastructure (AMI)</li><li>• Internet of Things (IoT) Integration</li><li>• Grid Resilience and Security</li></ul>
1520 hrs to 1540 hrs(20 mins)	Sponsors Presentation
1540 hrs to 1640 hrs(60 mins)	<p>Panel Session 04 <b>Electrification of Everything: Trends in Total Electrification</b> <b>Focused Area-</b></p> <ul style="list-style-type: none"><li>• Digitalization and Electrification Synergy</li><li>• Electrifying Rural Areas</li><li>• Industrial Electrification</li><li>• Energy Storage Solutions</li><li>• Renewable Energy Integration</li><li>• Policy and Regulatory Support</li></ul>
1640 hrs to 1700 hrs(20 mins)	PM Tea/Snacks Networking
1700 hrs to 1745 hrs(45 mins)	Awards, Recognition and Closing Remarks!

# EPS Award Ceremony

Organizational	Innovation Excellence Award	Recognizing outstanding breakthroughs in technology, design, or processes that have significantly advanced the Electrical, Power, and Solar industries.  Sector:Electrical   Power   Solar
Organizational	Sustainability Leadership Award	Celebrating organizations or projects that have demonstrated exceptional commitment to sustainable practices, contributing to a cleaner and greener energy future.  Sector:Electrical   Power   Solar
Organizational	Grid Innovation Award	Honoring advancements in smart grid technologies, microgrids, and energy distribution systems that enhance reliability, stability, and integration of renewables. Sector:Electrical   Power   Solar
Organizational	Power Excellence Award	Recognizing exceptional achievements in power generation, transmission and Distribution. Sector:Power
Organizational	Solar Innovation Award	Celebrating groundbreaking innovations in solar technology, ranging from photovoltaics and concentrated solar power to energy storage solutions. Sector:Solar
Individual	Young Innovator Award	Encouraging and honoring the contributions of young individuals (under the age of 40), who have shown remarkable promise and creativity in the Electrical, Power, and Solar sectors. Sector:Electrical   Power   Solar
Organizational/Individual	Industry Leadership Award:	Acknowledging influential individuals or organizations that have demonstrated outstanding leadership, advocacy, and impact on the growth of these industries. Sector:Electrical   Power   Solar
Organizational	Innovative Start-up of the Year	Recognizing a start-up that has demonstrated exceptional innovation, creativity, and originality in its products, services, or business model. Sector:Electrical   Power   Solar
Organizational	Sustainable MSME Award	Highlighting a Micro, Small, or Medium Enterprise that has shown a commitment to sustainable practices, eco-friendly solutions, and responsible business operations. Sector:Electrical   Power   Solar

**Not Over Yet! Turn to next page**

Organizational	Innovative Product/Service Start-up	Acknowledging a start-up that has introduced a highly innovative and impactful product or service that has disrupted the market or addressed a critical need.
Organizational	Top 10 Solar Module Manufactures Companies	A major player with a focus on high-efficiency, Quality and most demanding solar modules. Sector- Solar
Organizational	Outstanding Electrical Project Award	Recognizing projects that have demonstrated exceptional planning, execution, and impact in the electrical industry, contributing to technological advancements or societal benefits. Sector:Electrical
Organizational	Electrical Product Innovation Award	Commending the development of groundbreaking products, devices, or solutions that have advanced the electrical industry and its applications. Sector:Electrical
Organizational	Top 10 Solar Inverter Manufacturer companies	A major player with a focus on high-efficiency, Quality and most demanding solar inverters. Sector- Solar
Individual	Emerging Leader Award	Celebrating a young professional who has demonstrated exceptional leadership potential, achievements, and contributions in their field. Sector:Electrical   Power   Solar
Individual	Solar Entrepreneur of the Year	Recognizing an entrepreneur who has demonstrated exceptional vision and leadership in founding and growing a successful solar PV-related business. Sector:Solar
