# JANITZA'S UMG 96-PQ-L POWER ANALYSER WITH 10 YEARS OF DATA IN MEMORY

## Janitza®

### TRULY MULTIFUNCTIONAL

### ENERGY MANAGEMENT

- Class 0.2S
- Helps to identify savings
- Consumed and delivered energy

### POWER QUALITY

- Harmonics current up to the 65th harmonic
- 13.67kHz sampling frequency
- Harmonic spectrum on display

### MODULARITY

- Temperature measurement
- Ethernet interface and Modbus gateway
- Residual current measurement or DC power measurement

### INTEGRATED MAX MEASUREMENTS

- Top 3 demand values for Current, Active power and Apparent power

### GRAPHICAL DISPLAY

- Oscilloscope function
- Phasor diagram on the display
- Three years monthly consumption on display
- Overrange alarms on display

### COMMUNICATION

- Master/slave function
- RS-485 –Baud rate upto 115kbps
- Exhaustive parameters on MODBUS Registers
- Frequently used Registers for easy polling
- 200ms update MODBUS Registers
- Ethernet interface (Optional)

MADE IN GERMANY

**Dear Friends,**

On behalf of the organizing team, we extend our warmest greetings and sincere appreciation for your involvement in the **EPS Business Meet- 2024**. As organizers, we are committed to creating a highly productive and enriching experience for all attendees.

The EPS Business Meet serves as a unique platform for professionals and organizations in the solar and energy sector to connect, collaborate, and explore new opportunities. With a diverse range of participants from various sectors and industries, the event promises to foster insightful discussions, knowledge exchange, and valuable networking.

We are proud to bring together a distinguished line-up of speakers and industry experts who will share their expertise and shed light on the latest trends, innovations, and challenges in the solar and energy landscape. The event features interactive sessions, panel discussions, and an exhibition area where you can explore cutting-edge technologies, products, and services.

As a participant, your presence and active engagement are vital to the success of the event. We encourage you to make the most of this opportunity by attending sessions, participating in discussions, and connecting with fellow professionals. By doing so, you can expand your network, gain valuable insights, and forge partnerships that will contribute to your professional growth and success.

We are confident that the EPS Business Meet will provide a platform for meaningful exchanges, collaboration, and inspiration. We are excited to witness the positive impact it will have on the solar and energy sector and beyond.

We sincerely thank you for your support and look forward to welcoming you to our upcoming events in the future. Together, let's make the EPS Business Meet a resounding success! ●●●●

*Best Regards,*

Pradeep Kumar

## MESSAGE

**Dear Participants,**

I extend my greetings to all the esteemed delegates and participants of the EPS Business Meet-Gujarat 2024, focusing on **Gujarat's Green Energy Innovation: Solar, Wind, and Hybrid Power**. This event stands as a testament to our collective commitment to fostering innovation and sustainable development in the realm of renewable energy.

The state of Gujarat has always been at the forefront of India's renewable energy revolution. Our vision is to harness the power of the sun, wind, and other renewable resources to create a greener, more sustainable future for our citizens. The strides we have made in renewable energy not only contribute to reducing our carbon footprint but also enhance energy security and promote economic growth.

I encourage each of you to explore the vast opportunities that renewable energy presents. The advancements in solar, wind, AgriPV and hybrid power technologies are pivotal in addressing the global challenges of climate change and environmental degradation. Through collaboration and innovation, we can develop solutions that will lead to a more sustainable and prosperous future.

I commend the organizers of the EPS Business Meet-Gujarat for creating a platform that brings together industry leaders, policymakers, and innovators to exchange ideas and drive progress in the renewable energy sector. Your participation and contributions are invaluable in shaping the future of renewable energy in Gujarat and beyond.

Let us work together to accelerate the adoption of renewable energy and create a legacy of sustainability for generations to come. I wish you all a fruitful and inspiring conference.

## ALPHA PLUS SERIES

MBB, M10 MONOPERC HALF CUT MODULES  
156 Cells | 10gms - 400 Wp

- Latest Technology MBB, M10 half cut modules providing higher output and high reliability.
- Better performance under low light & high temperature.
- Lower temperature coefficient.

• Ideal for : Commercial, Residential, Industrial and Institutional Projects.  
• - 25 years warranty of 85% power output.  
• - 12 years manufacturers warranty.

## RIGEL PLUS SERIES

BI-FACIAL HALF CUT MONOPERC  
144 Cells | 400 Wp

- Better Efficiency
- More Output
- Excellent PID Resistance
- Least degradation for LID
- High energy yield due to bifacial factor
- Extra rear side power gain

• - 25 years warranty of 85% power output.  
• - 12 years manufacturers warranty.

## LYNX HALF CUT TOPCON SERIES

TUNNEL OXIDE PASSIVATED CONTACT  
HIGHER CELL EFFICIENCY

- Cutting-Edge Technology for maximizing energy generation.
- Superior efficiency for maximum power output.
- Faster response to varying light conditions.
- Quick & hassle-free setup, saving your time & money.
- Designed to withstand harsh weather conditions.

• Warranty insurance by Arelia Rx

By harnessing the power of solar panels, we are leading the charge towards a sustainable future. Our promotion of clean energy solutions is paving the way for a greener and more environmentally conscious world.

## International Performance Warranty Insurance

## DCR-NON DCR-HALFCUT

In 2016 Novasys was established for solar modules mass production by consolidating several solar research and analysis. Today, our solar manufacturing unit is at the forefront of product development for solar modules both for residential and commercial usage.
